

Please do not allow any changes that would weaken the Wisconsin No-Call laws. I absolutely would not want any company to be able to continue calling me for 18 months after I discontinue service. One call would be plenty, although I'd prefer to not even get that one call. There is no reason a company should be able to bother me for a year and a half after I choose to leave that company. If I want to do business with them again, I certainly know how to contact them and do not need them to be calling me. I am tired of the interruptions that I get today and don't want any more!! Please listen to what individuals say, not companies that only want to harrass us in order to potentially help their bottom line.
